▶ **Step One:** Attach two pieces of 8 1/2-inch by 11-inch white paper together along the short edge.

Step Two: Fold paper in half, having the folded edge at the top.

Step Three: Find the center of the paper; fold the upper-right-hand corner down along the center, leaving about a 2-inch border along the bottom.

Step Four: Repeat with the upper left hand corner. You should end up with a triangle and a 2-inch border along the bottom edge.

Step Five: Fold the tip of the triangle down to meet the edge that was formed by the triangle piece. You should still have a 2-inch border along the bottom edge. You may glue this piece down, if desired.

Step Six: Grabbing the bottom edge of the top layer only, fold up the 2-inch border. Turn the hat over and repeat on the other side.
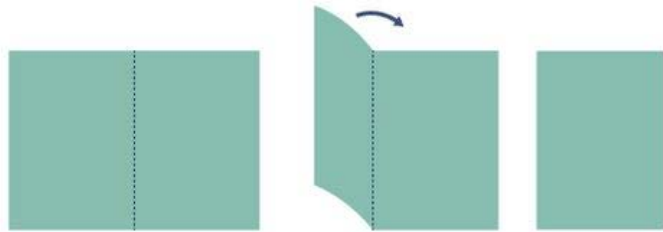

Step Seven: Open the hat, manipulating it gently to shape it and form light creases. Embellish the front, as desired.
